

Survey A/C Disclosure

Hello Sir/Madam,

On behalf of the Stanislaus County Health Services Agency, we are conducting a county-wide survey. The purpose of the survey is to learn more about Stanislaus County residents, specifically, the behaviors and living conditions that may affect your health.

The information you give will be used to both (1) construct a complete picture of total health in Stanislaus County and (2) to identify and better respond to your health and community needs

DO NOT write your name on this survey. The answers you give will be kept private/confidential and in a contained area. In addition, your responses written on the survey will be destroyed at the completion of activities related to the analysis of all surveys collected.

The questions that ask about your background, including your address, will be used only to describe the community members of Stanislaus County completing this survey. Again, please rest assured that your identity will remain anonymous. No names will ever be reported and you will not be contacted to follow-up on any responses you answered within the survey.

Completing the survey is voluntary. If you are not comfortable answering a question, please ask the surveyor to move on to the next question. If you did not understand the question, or would like the question repeated, please ask me (your interviewer) to do so.

If you understand the above statements in this Community Health Assessment Survey disclosure notice, and agree to voluntarily participate, please initial the attached initial sheet to verify this understanding. If you have any questions or comments regarding the survey, please ask for the name and contact information of the Survey Regional coordinator in your community or contact Eric Cubillo at 558-6824.

Thank you very much for your help.

Survey Completion Tips

1. Adding a new response:

- A) Make an **X** in the top center of first page of survey
- B) Next to the **X**, indicate the question number that the new response was added.
- C) Make  a zigzag box in the existing response area of the question your adding a response.
- D) Go on to the next question.

2. Voiding a survey:

- A) Don't throw away survey! Write **VOIDED** across the first page of survey.
- B) Note voided survey in survey serial number log. Inform Survey Regional Coordinator, and make sure they input voided survey serial number into master survey serial number log.
- C) If voiding **Survey A**, make sure the **Survey C** that corresponds to the same **Survey A** serial number is also voided.

3. Always read the correct Survey Disclosure before beginning the survey!

4. Never forget about your responsibility to maintain the communities **CONFIDENTIALITY**.

5. Questions! Call your Survey Regional Coordinator

_____ at _____.

6. Don't forget to check the box for the organization your that you are disseminating surveys.

7. Survey age groups:

- A) Survey A (adult) 20+
- B) Survey B (adolescent/teen) 12-19
- C) Survey C (child) 0-11

8. Always ensure that the survey is complete!
