Stanislaus County Health Services Agency Conducts Community Seasonal Flu Vaccination Clinics

NUMBER: 10-13
FOR RELEASE: IMMEDIATE

DATE: September 28, 2010
CONTACT: Julie Falkenstein
PHONE: (209) 558-7116

Stanislaus County – The Stanislaus County Health Services Agency will begin its low-cost, community seasonal flu vaccination clinics on October 4th. The vaccine is intended to prevent the seasonal flu. The first of these clinics will be in Ceres, at the Ceres Unified School District Office. HSA will conduct approximately 20 community clinics in 15 communities throughout Stanislaus County from Waterford to Newman. These clinics are specifically held to vaccinate anyone 6 months of age and older. The vaccinations for the community clinics will be offered at a low administrative cost of \$10 per child (6 months through 18 years) and \$20 per adult (19 years and older). Payment may be made in cash or check, and can be covered by straight Medicare Part B. Individuals covered under a Medicare Advantage Plan (i.e. Kaiser, Secure Horizons, Health Net, Sutter Gould, etc.) should receive vaccinations from their health care provider.

“The seasonal flu vaccine is an important and safe way to protect yourself and your loved ones against the seasonal flu.” states Dr. John Walker, Stanislaus County Public Health Officer. “Everyone 6 months and over should get a flu shot this fall,” Walker said.

Attached is the community flu clinic schedule. The public can also come to the Public Health walk in flu clinic located at 820 Scenic Drive for seasonal flu shots. No appointments are necessary. Flu vaccine is also available from primary care physicians’ offices, as well as many local pharmacies.

This year the flu vaccine will offer protection against three strains A/California/7/2009 (note: same strain as in the 2009-2010 H1N1 vaccine), A/Perth/16/2009 (H3N2)-like, and B/Brisbane/60/2008-like antigens.

Public Health is also offering the Pneumococcal Pneumonia and Tdap vaccines at the community seasonal flu clinics. Both vaccines are available for a low administrative fee of \$10 at these clinics only. Pneumococcal Pneumonia vaccine is available for adults ages 19 and older and Tdap for children ages 7 and older and adults.

For more information, the public can contact the Stanislaus County Health Services Agency Public Health Flu Hotline at 558-8872 or visit the HSA website at www.hsahealth.org.
